education

- 2020-2022? **Computer Science (University of Wrocław)**
Pursuing Master of Arts, currently at 46/120 ECTS
- 2016–2020 **Joint Studies in Computer Science and Mathematics (University of Wrocław)**
Bachelor of Arts, GPA: 4.1

work experience

- 2019-now **Programmer at Asseco Poland (part-time)**
- invented custom solution for signing electronic documents
 - created a widely used solution for submitting applications to the Polish Social Insurance Institution
 - improved my Java, JavaScript and HTML
- 2018 **Junior programmer at Conplus**
I created a production-ready website in just three months for the Polish Social Insurance Institution (ZUS) with Angular.

research

- 2021 **ZeroSpeech Challenge 2021**
Team: Chorowski et al., [challenge website](#), [results](#)
- 2020-2021? ★ **Learning Latent Data Structure from Observations**
Received scholarship financed by National Science Centre for OPUS 18 grant. I work on unsupervised text recognition with researchers from University of Wrocław.
Project details: [description \(PL\)](#), [chorowski-lab/fairseq](#)
Project leader: Jan Chorowski ([his website](#))
- 2020 **Bachelor's thesis: Unsupervised Learning using Output Distribution Matching**
Grade: 5 (A), [link](#). I also published a Python library ([gcie/spdg](#)) alongside the thesis with the tools I created.

projects and achievements

- 2019 **CERC 2019 (ICPC regionals)**
19th place. [Proof](#)
- 2018 **CERC 2018 (ICPC regionals)**
13th place. [Proof](#)
- 2018 **Group project: blind chat in Messenger**
Created during Facebook Poland Hackathon 2018. [gcie/hackathon](#)
- 2016 **LXVII Mathematical Olympiad**
Laureate of LXVII Polish Mathematical Olympiad. [Proof](#)
- Other side-projects ([link](#))**
In free-time I did some side-projects. Check out [gcie!](#)
